CAREER OBJECTIVE

Software engineer with a proven ability to adapt in both self-starting and collaborative environments while staying focused on achieving high-quality results under strict deadlines. This quality and results-based approach drove me to collaborate with the VP of sales at Squarespace to create a digital marketing campaign that tripled average signups in a single month. Eager to obtain a challenging position at a prestigious company like Dream Version that will expand my learning and build upon my developer skills.

WORK EXPERIENCE

Web Designer

Upwork

January 2019 - August 2021

- Created and oversaw wireframe designs from client requests.
- Built mock designs and wireframes for landing pages for 5 new product concepts.
- Created accessible, responsive, and functional user interfaces to allow visitors on any device to have the same perfect user experience. This process increased number of 5 star UX/UI reviews by 135%.
- Created the user experience that fetched, parsed, and formatted analytic data, and relayed it into React components.
- Collaborated on Complexity Score tool, which removed process bottlenecks by assigning scores to cost, time, and compliance issues, increasing efficiency by 72%.
